June 28, 2019

A Slice of Hope documentary to be shown at the City of Oneonta Common Council Meeting on July 2, 2019 at 7:00pm.

"A Slice of Hope, Recovery Friendly Employment in Oneonta, NY" is a new award winning documentary film about people in recovery and their recovery friendly employers in the small city of Oneonta. The documentary focuses on several local organizations and a small Main Street pizzeria who are giving people recovering from substance use a chance at improving their lives. This documentary is directed and produced by Jessica Vecchione in cooperation with the LEAF Council on Alcoholism and Addictions, Friends of Recovery – Delaware and Otsego Counties, and the Otsego County Chamber of Commerce.

Oneonta Mayor Gary Herzig states, "This is a powerful film which shows how a local small business can have a real impact on the lives of people struggling with addiction. I am very proud of the entire team at Sal's Pizza for their leadership in tackling the addiction epidemic that affects us all."
